First meeting on Colossians: read and discuss the whole letter: INTRODUCTION

Before reading always ask God humbly to open your eyes and to give you the Holy Spirit to be able to hear, understand and receive His Word!

- What is this letter about?
- Why was it written, what was the goal?
- When somebody asks you to summarise what you have heard, what would you say?
- Was there something that you really appreciated when you read/heard the letter?
- Is there further something you want to ask or share?
